

Market Gap Analysis Report

The 'Sugar Trap' Opportunity

Client: Helix CPG Partners

Analyst: SHEMA Olivier

Date: 2026

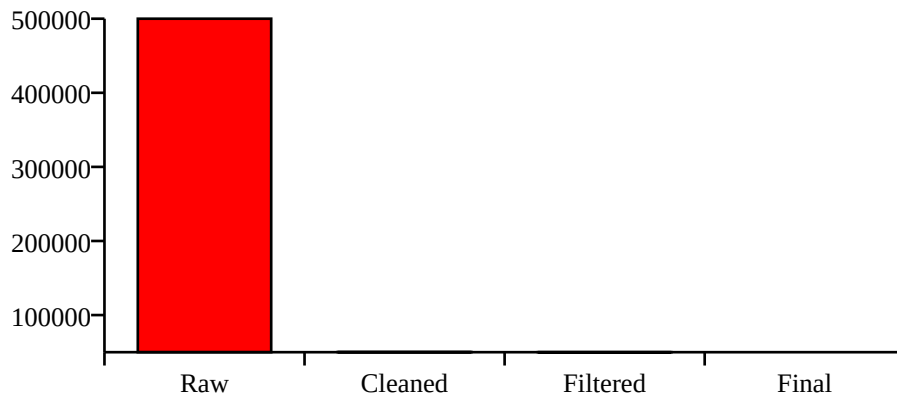

Objective

Identify untapped opportunities in the snack industry by analyzing gaps between consumer demand for healthier products and current market offerings.

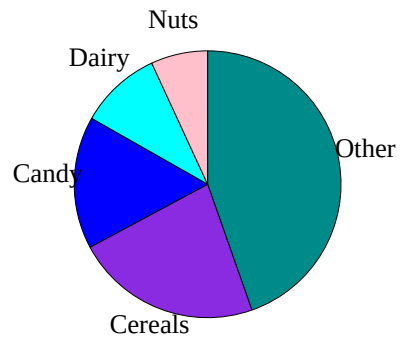

Data Processing & Cleaning

- 1 Loaded 500,000 product records
- 2 Removed missing critical values
- 3 Filtered invalid nutritional data
- 4 Final dataset: ~49,890 products

Data Cleaning Pipeline

Category Distribution

Key Insights

- 1 Average sugar: 12.25g
- 2 Average protein: 7.89g
- 3 Market dominated by high sugar products

Conclusion

There is a clear opportunity for healthier snack products with high protein and fiber and low sugar content.
